

# DIY TEA TOWELS

CherishedBliss.com

*All you need is a Sharpie, tea towels, and a printable to add some fun to your home!*

## DIY TEA TOWELS TUTORIAL

1. Print off your printable. Cardstock is nice but regular paper will work too.
2. (Optional) Wash and dry your Tea Towels before writing on them with the sharpie. I ironed my tea towels first so that I didn't have to worry about wrinkles
3. Place your Printable under your tea towel and line it up where you want it. You should be able to see it through the cloth.
4. Using your Sharpie trace the shapes/words until you are done. Be careful not to smudge the sharpie before it has a chance to dry.

\*Let dry for a couple of days before washing

## Supplies:

- Tea Towels or Flour Sack Towels
  - Sharpie
- Printable (cardstock or regular paper)
